NOTE: This dance is intentionally choreographed as an "Absolute Beginners" (A - B) linedance. It takes A - B's from zero to first base, also hence A - B. It has been carefully designed to use easy steps for A - B's, with the following movement, in turn: Forward, Back, Forward, Back, Right, Left, Forward, Back, with only two walls (home and one side) and two very easy 1/4 turns. N.B. there is a lot (for A - B's) in the dance, without the complication of orientation.

A - B's can dance "A - B Corner" positioned at the front of a split floor without being distracted by other dancers behind them and it is also ideal for situations where non line-dancers may be included.
